

Blasco&Vila

At Blasco&Vila we have been closely linked to **craftsmanship** for **more than three decades**, but also to **innovation** in terms of design and technology, underpinned by **our expertise** in creating topclass armchairs, chairs, sofas and other pieces of furniture.

A great track record in the production of contemporary furniture.

Each and every one of our designs are **unique pieces** conceived by **expert designers** and handmade by **master craftsmen**, a combination which provides each piece with the necessary characteristics to guarantee their **durability, comfort, quality and functionality**.

We dress furniture since 1992

Our first pieces were made of “rattan”, a natural product highly used in our area, with delicate appearance but great resistance. This hand-crafted product, similar to wicker, was much in demand in the 90’s.

From then on, with this strong background and remaining **true to our values**, we kept evolving, combining **experience and craftsmanship** with **emerging trends** with the goal of creating appealing timeless pieces.

from Spain

From Blasco&Vila's atelier located in Moixent, Valencia, and surrounded by a serene and warm environment full of olive trees, vitis and orange trees, we manufacture our own **high quality**, upmarket designer pieces intended for furnishing and **decorating residential and public spaces** dedicated to relaxing and lounging.

Made by Renowned Designers

All our collection has a unique design created by internationally recognised Spanish talents, with numerous awards and prizes.

High-end Design

We offer best design and high quality products at an affordable price. We work with the best materials and finishes.

Local Artisans and Producers

We only work with local craftsmen. 100% of the production is carried out near our facilities in Moixent (València).

Long-lasting Timeless Design

With a 5-year warranty and a wide range of ecological and natural finishes, our products contribute to the sustainability of the ecosystem.

Our
Values

Since 1992, we manufacture, in **our upholstery shop floor**, products designed to last. Always following the pattern **“of tailoring” as a philosophy**, all our products are handmade by master craftsmen who search for a quality long-lasting product that also guarantees the maximum comfort.

Our
Craftsmen

Pablo Gironés

Founder of Pablo Gironés Office, a strategic marketing studio specialized in design, art, architecture and culture. A multidisciplinary team of experienced professionals in their fields of work, who help you create your corporate identity and advise you on the best marketing strategy so that you can make the best decisions for your company.

Our
Creative director

Francesc Rifé

Interior and industrial designer, Francesc Rifé founds his own studio in Barcelona in 1994. Influenced by minimalism and following a familiar tradition linked to craftsmanship, his work focuses on ways of approaching spatial order and proportion.

Venture

Consulting firm that designs products and spaces with narrative. They are fascinated by people. And using them as a starting point, they generate experiences, designing spaces and products that transcend emotion and create memories. A new brand, and yet a creatively mature team with over 20 years of national and international experience.

Eli Gutiérrez

She studied in London a Master's in Product Design at the Royal College of Art, which helped her to shape a clear and elegant vision for her own design language. This is characterised by the innovation and a keen sense of materials, colours, and textures.

estudi{H}ac

Creative studio specialized in “bespoke” projects of product design, interior architecture and the creation of ephemeral montages. Tailor, unique, timeless products and projects that amaze onlookers thanks to their initial visual impact and the story behind them. The basis of each project lies in the initial concept.

edeestudio

Esther Albert and Eduardo Alcón are edeestudio. Their job is to contribute innovative and original ideas, but also functional and aesthetic which comprehend all of the manufacturing processes of a project. From a multidisciplinary background and training, they work together in different fields: industrial, graphic, multimedia and interior design.

Gregorio Vicente Cortés

Designer and Technical Director of H Muebles and creator of the main body of the catalogue produced by the firm, which put technicians and artists to work in pursuit of the art of contemporary furniture in Spain in the mid-20th Century.

Outlier

Outlier is an emerging creative studio in which industrial design are developed, art direction and photography projects. It is the result of the synergy of a team of designers who, with the same philosophy and varied skills, converge their ideas with harmonious results endowed with sensitivity and rigorousness.
